OUTSTANDING SIRES

The 2021 sale team demonstrates our commitment to breeding sheep that **'put meat into the meat business'**.

The team shows leading edge genetics and depth of breeding. We have put together a sire group where muscling is virtually double the average of all breeds of Australian meat sheep and with leading Lean Meat Yield values, while retaining excellent growth rates and moderate birth weights. Most of our rams are multiple National Trait Leaders for individual measured characters and/or the key indexes.
